

ambia collection by Manning Lighting

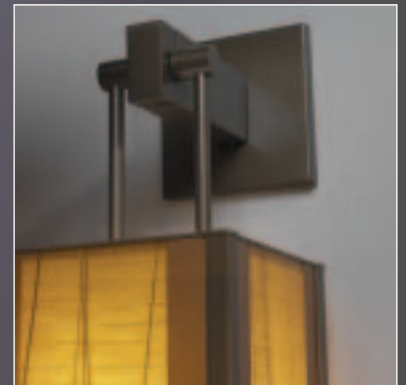

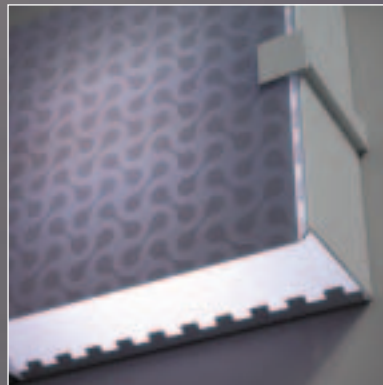

possibilities

Botanicals, rich fabrics, perforated metal, graphic designs... The intrigue of these and many other elements are captured by ambia, a new collection from Manning Lighting. We've partnered with leading edge manufacturers of high performance translucent resins to offer six unique families of lighting products. Choose from 12 standard lens configurations or work directly with the producer, using our dedicated specifications, to create your own composite.

details

Finely machined metals and a compassionate melding of shapes have been created to support the ambia collection diffusers. Substantial material gages and thoughtful details convey the strength and value of the equipment. Top quality, energy efficient electrical components and careful attention to economic installation and maintenance factors provide lasting beauty.

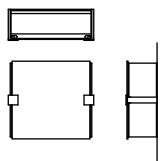

MANNING LIGHTING presents the *ambia* collection.
